Ms. Heather Petit; Chairman Hebron Board of Education 580 Gilead Street Hebron, Connecticut 06248

Heather,

The Hebron Elementary School Lead Abatement Building Committee met on December 7, 2020 to review the status of the pipe replacement project at HES and determined the following:

- 1. All work required under the contract and change orders with The Nutmeg Companies has been complete.
- 2. All punchlist Items have been completed.
- 3. The facility has been inspected by Silver Petrucelli and Associates. They have deemed the project as being complete.
- 4. The Building Inspector and Fire Marshall have completed their inspections and found no items to be in conflict with either state building and or fire codes in respect to the completed project.
- 5. A certificate of occupancy has been issued.
- 6. The Dept of Public Health has issued a provisional certificate of approval pending the successful completion of required testing within the timeframes they specify. At that time a permanent approval will be issued and the administrative order will be lifted.
- 7. All invoices have been received, approved, and paid.
- 8. The project was completed on time and within budget.

Based on the items above the building committee voted unanimously to declare the project of pipe replacement at Hebron Elementary School to be complete.

At this point in time you may follow the steps required by the state to receive final reimbursement and formally close out Project #067-0042 CV with The Connecticut Department of Administrative Services.

We are extremely pleased with the outcome of our project and thank the town for agreeing to fund it, The Board of Education for your input, participation, and flexibility, and especially to our design professionals and contractors from Silver Petrucelli & Associates and The Nutmeg Companies.

Our Goal was to restore clean and leadfree drinking water to the facility to ensure a safe environment for the children, staff, and all people who enter the halls of HES. We Did It!!!

Please feel free to contact us it you need any further assistance.

Very Truly Yours (on behalf of the HES Building Committee),

Mal Leichter

Chairman, Hebron Elementary School Lead Abatement Building Committee
