The IEP Guide

Revised December 2015

....don't leave home without reviewing this.

Dear Parent,

The information within this guide is designed to assist you in understanding the Individualized Education Program (IEP) document and the Planning and Placement Team (PPT) process. While this guide may not answer all your questions, the intent is to provide you with an awareness of the more important components within the IEP, thus allowing you to be an informed and active member of your child's PPT meeting.

For a more in-depth review of the IEP, please visit the State Department of Education website to access the "IEP Manual and Forms" document; see link below:

<http://www.sde.ct.gov/sde/lib/sde/PDF/DEPS/Special/IEPManual.pdf>

~ Remember ~

All PPT participants are equal members of the Team.

“The Planning and Placement Team (PPT)” must include: the parents/guardians, regular ed. teacher, special ed. teacher or provider, someone to interpret evaluation results, an administrator, the student (if appropriate), an interpreter (if needed) and anyone with expertise on the child invited by either the parents or the school.

Upon determining the “Primary Disability”, the Team will select the disability category which is most indicative of the student’s primary disability.

An “Administrator/Designee” must be in attendance for all PPT meetings. This individual must have knowledge of Sp. Ed. Law and have the authority to secure any necessary resources; including personnel and funding.

“Next Re-evaluation Date” refers to the date the “Triennial Testing” is due. Every three years the PPT must decide if the student needs a reevaluation to provide updated recommendations for the IEP development and determination of eligibility. A reevaluation may occur sooner if conditions warrant, or if the parent or student’s teacher requests it.

When amending or making changes to an IEP without a PPT, an amendment agreement must be in writing and signed by both parent/guardian and school district representative. (Consent form ED634, must be used). Any member of the PPT may ask to have amendments added to the IEP. However, parents may withhold consent and require a PPT.

LIST OF PPT RECOMMENDATIONS

The "[List of PPT Recommendations](#)" provides an itemized list of the PPT recommendations that were made by a student's PPT. It is important that this section be specific so that both parent and school district staff know what is being recommended.

It is good practice to review these recommendations prior to the conclusion of each meeting.

PLANNING AND PLACEMENT TEAM MEETING SUMMARY (OPTIONAL)

The "[PPT Meeting Summary](#)" is a brief description of discussions within the team meeting. Such a summary is not mandated by the Federal Regulations, however if provided, the school must ensure its accuracy. If parents feel that the summary is incorrect, they may request, in writing, a correction. The school must respond to this request in writing, and the parents have the right to appeal any reply that they feel results in an inaccurate record.

Parents please note: Effective October 1, 2009, parents must be provided with a copy of the state developed *Parental Notification of the Laws Relating to Physical Restraint and Seclusion in the Public Schools* (<http://www.sde.ct.gov/sde/cwp/view.asp?a=2678&Q=320730#Legal>) at the first PPT meeting following a child's initial referral for special education. In addition, the notice must also be provided to parents at the first PPT meeting where the use of seclusion as a behavior intervention is included in a child's IEP. A copy of the *Parental Notification of the Laws Relating to Physical Restraint and Seclusion in the Public Schools* has been provided to the parents on _____ (date).

Prior Written Notice provides written communication to the parent/guardian of the actions that have been proposed or refused. PWN is provided at the PPT meeting or sent with the IEP within 5 school days. An IEP must be in effect on the first day of school.

If the parents feel that the reason(s) given for proposing or refusing actions is incorrect or misleading, they have the right to request in writing that the IEP be amended.

If the Team identifies any "Actions Refused," the Team is required to:

1. Fully document "Reasons for Refused Actions," and
2. Provide list of "Evaluation procedures, assessment, records, or reports used as a basis for the refusal."

A copy of <u>Procedural Safeguards in Special Education</u> which explains these protections <input type="checkbox"/> was made available previously this school year (date) _____ <input type="checkbox"/> is enclosed with this document. A copy of <u>Procedural Safeguards in Special Education</u> is available on school district website: http://www [Delete if not available on line]. If you need assistance in understanding the provisions of IDEA, please contact your child's principal, the district's special education director or the CT's federally designated Parent Training and Information Center (CPAC at 800-445-2722). For a copy of "A Parent's Guide to Special Education in CT" and other resources contact SERC (800-842-8678) or go to: http://www.sde.ct.gov/sde/cwp/view.asp?a=2673&Q=320730.</p>				

In most instances, the "Implementation" date should match with the "Start Date" of services on the grid on page 11. Parents/guardians must receive PWN at least 10 school days before the implementation date of the IEP.

The completed Prior Written Notice (PWN) should be given to the parent(s) at the conclusion of the PPT. Parent's receipt of the PWN and the agreed upon implementation date should be documented on page 2 of the IEP.

If parent(s) do not agree to implement the IEP on an agreed upon date, the reasonable timeframe for implementation of the IEP is ten school days from receipt of the PWN.

PRESENT LEVELS OF ACADEMIC ACHIEVEMENT AND FUNCTIONAL PERFORMANCE

(The following information was derived from: report data, documentation from classroom performance, observations, parent/student reports, and curriculum based and standardized assessments, including CMT and CAPT results and student samples).

Parent and Student input and concerns	<p>“Parent and Student Input and Concerns” must be considered in the development of the IEP and should specifically record any statements of concerns or success by the parents or student.</p> <p>For example: 1) the parent is concerned that his/her child needs a hands-on approach in science class rather than a lecture style and 2) the parent shares that his/her child has made good progress in both reading and math this school year.</p>
--	--

The statements written in the “Area” column should clearly describe how the student is currently performing within the general curriculum and non-academic areas, given peer-level expectations. Any assessments or evaluations utilized to determine present levels of performance should also be included.

Area (briefly describe current performance)	Strengths (include data as appropriate)	Concerns/Needs (requiring specialized instruction)	Impact of student’s disability on involvement and progress in the general education curriculum or appropriate preschool activities.

Statements about the student’s strengths can support instructional decisions related to motivation, learning styles, and learning preferences.</p>	<p>“Concerns/Needs” detailed in this column must result in corresponding goals and objectives.</p> <p>(See page 7 of the State Department of Education IEP Manual and Forms.)</p>	<p>Information within this column will describe how the student’s disability specifically impacts her/his involvement, participation and progress in school activities. It may help to think in terms of “if-then” statements. (e.g., <u>If</u> there is a concern, <u>then</u> what is the impact on the student’s participation and progress in that area?)</p>

The remaining pages of the IEP should be directly aligned with the performance information found on pages 4 and 5.

TRANSITION PLANNING

1. **Not Applicable:** Student must have transition goals documented on page 7 of the IEP and in effect when the child turns 16.
 This is either the first IEP to be in effect when the student turns 16 (or younger if appropriate and transition planning is needed) or the student is 16 or older and transition planning is required.
2. **Student Preferences/Interests – document the following:**
 - a) Was the student invited to attend her/his Planning and Placement Team meeting? Yes No
 - b) Did the student attend? Yes No
 - c) How were the student's preferences/interests, as they relate to planning for transition services, determined?
 Personal Interviews Comments at Meeting Functional/Vocational Evaluations Age appropriate transition assessments Other _____
 - d) Summarize student preferences/interests as they relate to planning for transition services:

3. **Age Appropriate Transition Assessment(s) performed:** (Specify assessment type and date)

4. **Agency Participation:**
 - a) Were any outside agencies invited to attend the PPT meeting? Yes No
 - b) If yes, did the agency's representative attend? Yes No
 - c) Has any participating agency agreed to provide or pay for services? Yes No
5. **Post-School Outcome Goal Statement(s) and Transition Services recommended in this IEP:**
 - a) **Post-School Outcome Goal Statement - Postsecondary Education or Training:**
 Annual goal(s) and related objectives regarding Postsecondary Education or Training have been developed and are included in this IEP (may include Community Participation)
 - b) **Post-School Outcome Goal Statement - Employment:**

6. **Please select ONLY one:**
 - The course of study needed to assist the child in reaching the student's postsecondary goals.
 - Student has completed academic requirements; no academic course of study is required – student's IEP includes **only** transition goals and services.
7. **At least one year prior to reaching the age of 18, the student must be informed of her/his rights under IDEA which will transfer at age 18.**
 NA (Student will not be 17 within one year) The student has been informed of her/his rights under IDEA which will transfer at age 18 No IDEA rights will transfer
8. **For a child whose eligibility under special education will terminate the following year due to graduation with a regular education diploma or due to exceeding the age of eligibility, the Summary of Performance will be completed on or before: (specify date)** _____

#5. Post-School Outcome Goal Statement (PSOGS): refers to those goals that a student hopes to achieve after leaving secondary school. The PSOGS do not include the process to achieve the goal; e.g., John will explore a four-year college. (Explore is a process and is not measurable.) A good PSOGS would be... (e.g., "John will attend a 4- year college after he graduates from high school.") For each Post-School Outcome Goal Statement, there must be an annual goal(s) and objectives included in the IEP that will help the student make progress toward that goal.

Each student must have transition goals documented on page 7 of the IEP and in effect when the child turns 16.

2. (a and b) The student must be invited to all PPT meetings involving transition planning and encouraged to actively attend and participate.

#3. This section is included to ensure students' interests, preferences & strengths are assessed on an on-going basis through the use of a variety of methods and tools. Results are used to develop and identify appropriate, measurable IEP goals and objectives. Results of these assessments should be reported in Present Levels of Performance on page 5.

#4. Inviting outside agencies ensures that transition planning is comprehensive and well coordinated, but cannot occur without written consent of the family/guardian or the student, if 18 over and own legal guardian.

#5. Transition goals and objectives are integrated into the IEP following a student's 15th birthday, or earlier if determined appropriate by the PPT, and annually thereafter. The IEP must include appropriate measurable postsecondary goals based upon needs and concerns listed on pages 4 & 5 and age-appropriate transition assessments related to postsecondary education or training, employment, and, if appropriate, independent living skills.

#6. When appropriate, the PPT should consider including both school-based and community-based activities in a student's program.

Transition services are based on the student's strengths, preferences, interests and needs and must be considered in planning post-school outcomes.

#8. -The "Summary of Performance" (SOP) provides the student with a summary regarding his/her academic achievement and functional performance. It should include recommendations on how to assist a student achieve post-school goals. The SOP must be completed during the final year of the student's high school education.

IDEA requires that the student must be informed of his/her rights under IDEA that will transfer to him/her at age 18 at least one year prior to his/her 18th birthday.

Parents please note: Rights afforded to parents under the Individuals with Disabilities Education Act (IDEA) transfer to students at the age of 18, unless legal guardianship has been obtained.

As noted, if this box is checked, page 6 must be completed and corresponding transition goals and objectives developed.

*Related to meeting the student's needs that result from the individual's disability, to enable the student to be involved in and make progress in the general curriculum, and to meet each of the student's other educational needs that result from the student's disability.

"Measurable Annual Goals" and "Short Term Objectives/Benchmarks" should relate directly to the information recorded on Page 4 and 5 under "Concerns/Needs" (requiring specialized instruction). They should align with the grade-level general education curriculum standards, as well as relevant non-academic needs/concerns such as the CORE Transition Skills.

"Evaluation Procedures" must provide an objective means of measurement. "Teacher observation" is often specified under "Other," however, this may be subjective and parents might want to request the data that was collected during the teacher's observation.

The following is an example of an **academic** goal and related objective.
Goal #1: Given the district's 4th grade math curriculum scope and sequence, [student's name] will demonstrate mastery of the 4th grade goals for math applications, as measured by completion of the objectives.
Objective #1: When given a word problem involving fractions, [student's name] will solve the problem correctly by reading a word problem (or having it read to her/him) and choosing the correct operation.

The following is an example of a **employment** goal and related objective.
Goal #2: Given his/her interest and skills, [Student name] will investigate two jobs and determine what kind of postsecondary training or education is required for each job.
Objective #1: Given a copy of the local newspaper, [student name] will select two job descriptions that meet his/her interest from the want ads and underline the words that describe the skills or requirements for each job.

"Performance Criteria" determines how the team will know the student has reached his/her goal.

When selecting "Other" to report progress, the teacher must specify what "Other" means.

"Measurable Annual Goals" estimate expected outcomes for the student within the academic year. These may be measured in terms of achievement of short-term objectives. "Short-Term Objectives/Benchmarks" describe measurable intermediate outcomes.

Documentation of progress should be clearly understood by both Parent/Guardians and professionals and reported as noted on page 10.

Mastery of goals and objectives is defined by these three elements. **Please note: It is important that goals and objectives be specific, measurable and, to the extent appropriate, relate to the student's achievement in the general education curriculum and non-academic areas.**

“Accommodations” are the services and/or supports related to a student’s disability that allows full access to a given subject matter and an accurate demonstration of knowledge without requiring a fundamental alteration to the content, standard or expectation of the task; thus altering **HOW** a student learns, but not **WHAT** a student learns.

“Modifications” are the services and/or supports related to a child’s disability that help him or her to access subject matter and demonstrate knowledge; modifications fundamentally alter the standard or expectation of the task and therefore **WHAT** the student learns.

Parent/Guardians and other PPT members may refer to page 16 of the IEP manual for frequently used options.

“Frequency and Duration of Supports Required for Personnel to Implement this IEP” - Federal law requires the IEP to include supports that staff might need in order to implement the student’s IEP. Typically, these supports refer to: teacher training specific to a student’s diagnosis (e.g., Autism), paraprofessional support in the classroom, or consultation by a special education teacher or related services provider.

Program Accommodations and Modifications must be specific and appropriate to meet the needs of the student as defined in the IEP. *Note:* Assistive Technology must be considered.

When completing this section, the team must indicate the site/activities and duration. The most common error is a failure to indicate the duration of recommended accommodations/modifications. Simply writing “All classes” in this space is not sufficient. The correct entry would be, in its simplest form: “All classes, all year.”

The complete list of accommodations and the parameters for their use can be found in the State Department of Education publication entitled *Assessment Guidelines for Administering Connecticut's Statewide Assessments*.

In all instances where a student is exempted from a district-wide assessment, the PPT must determine how the student will otherwise be assessed. A statement must be provided as to why the student cannot participate in the standard assessment and why the alternate assessment specified is appropriate for the student.

When a child's behavior impedes his/her learning or that of others, the PPT must consider the use of positive behavioral interventions. In the case of a child whose behavior has resulted in the suspension from school for more than 10 days or removal from his/her current educational placement, a **Functional Behavioral Assessment (FBA)** should be completed and lead to the design and implementation of a **Behavioral Intervention Plan (BIP)**, if one is not already in place, or, the review and modification of the BIP that is already in place, as necessary to address the behavior. The BIP assists the student in the development of positive communication, behavioral, and social presentation. Provision of personal supports, goals, objectives, and/or other supportive strategies may be necessary.

SPECIAL FACTORS, PROGRESS REPORTING, EXIT CRITERIA

- For students whose behavior impedes her/his learning or that of others, the PPT has considered strategies, including positive behavioral interventions and supports to address that behavior, and:
 - NA A behavioral intervention plan has been developed. IEP Goals and Objectives have been developed to address the behavior. Other (specify): _____
- For students with limited English proficiency, the PPT has considered the language needs of the student as they relate to the student's IEP and recommended the following:
 - NA Recommendation: (specify) _____
- For students who are blind/visually impaired (VI): NA Instruction in braille or use of braille is being provided, as required. The PPT has determined, after an evaluation of the student's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the student's future need for instruction in braille or the use of braille), that instruction in braille or the use of braille is not appropriate for this student.
- For students with print-related disabilities (such as SLD/Dyslexia, blind/VI, physical limitations or organic dysfunction): NA The PPT has considered accessible instructional/educational material (AEM) and/or accommodations noted on page 8 of the IEP--if so which format/accommodation utilized: Large Print Digital Text Audio Other (specify): _____.
- For students who are deaf or hard of hearing: NA See attached **required Language and Communication Plan** (Form ED638) -- The PPT has determined (after considering the student's language and communication needs), opportunities for direct communications with peers and professional personnel in the child's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the student's language and communication mode, and considering whether the student requires assistive technology.

PROGRESS REPORTING

IDEA 04 requires the PPT to determine when periodic progress reports will be provided.

- A report of progress toward meeting the Measurable Annual Goals and Short Term Objectives included in this IEP will be sent to parents periodically, according to the following schedule:
 - Quarterly Consistent with grade level report cards Other (specify): _____

For the purposes of "Exit Criteria," "Graduation" means with a regular high school diploma regardless of the age of the student.

EXIT CRITERIA

- Exit Criteria: Student will be exited from Special Education upon: (Check One)
 - Ability to succeed in Regular Education without Special Education support Graduation Age 21 Other: _____ (specify)

INFORMATION ON IEPs and SECONDARY TRANSITION

- Parents, including Surrogate Parents and the student if 18 or older have been provided (electronically or in hard copy) with relevant information and resources relating to IEPs created by the CSDE (including, but not limited to, information relating to transition resources and services for high school students) immediately upon the formal identification of any child as a child requiring special education and at each PPT meeting thereafter: Building a Bridge Parent's Guide to Special Education IEP Manual OTHER: _____
- The *Transition Bill of Rights* has been provided to parents of students in sixth through twelfth grade to ensure that the PPT discusses transition services: *Transition Bill of Rights*:
 - is available on the school district website; is enclosed with this document; was already provided, reviewed and discussed this school year (date) _____.

Information regarding transition must be provided and discussed at least annually with parents and families of students who are on an IEP in grades 6-12.

A "**Functional Behavioral Assessment (FBA)**" looks beyond the behavior itself. The FBA focuses on identifying factors within the student's social, cognitive, and/or physical environment that are associated with the occurrence of behaviors. The FBA provides an understanding of "why" a student behaves the way he/she does, leading to an effective behavior plan.

A "**Behavioral Intervention Plan (BIP)**" must:

- be developed when a student's behavior interferes with his/her learning.
- be based on recent and meaningful assessment data.
- be individualized.
- include positive behavioral strategies and supports.
- be implemented as designed.
- have effects monitored.

“Special Education Services” must list everything related to “specially designed instruction” - all Special Education services. Regular Ed Services will not appear here.

If a Special Ed teacher provides instruction in a regular education classroom, this is still considered special education hours.

If “Extended School Year Services” (ESY) are required, districts may use an additional Page 11 to outline extended school year services. Recommend that ESY decision be made no later than early Spring.

“Related Services” are designed to enhance the goals and objectives of the IEP.

“Frequency” may be indicated in a way that most accurately reflects the service implementation (e.g., 3 hours/week).

“Responsible Staff” refers to the professional(s) responsible for developing specially designed instruction, monitoring the implementation of the IEP, and reporting progress towards achievement of the annual goals.

The “Service Implementer” refers to the Professional/ Paraprofessional who actually implements the service/instruction.

This section should be used to further describe and clarify delivery of instructional services, particularly with reference to related services; such as 1:1 or small group instruction.

The intent of Page 11 is to give the reader a “snapshot” view of the service provisions of the student’s IEP. It includes a description of:

Special Education Services;
Related Services;
Participation in the regular education curriculum;
Service time requirements; and
Least Restrictive Environment information.

According to the IDEA 2004, “Least Restrictive Environment” (LRE) means that a child must be educated in the classroom in the school where he or she would attend if he or she did not have a disability. (ii) Special classes, separate schooling, or other removal of children with disabilities from the regular education environment occurs only if the nature or severity of the disability is such that education in regular classes with the use of supplementary aids and services cannot be achieved satisfactorily.

Note: The LRE Checklist (ED632) must be completed and attached to this IEP if the student is to be removed from the regular education environment for 60% or more of the time. It is recommended that the LRE Checklist be utilized when making any placement decision to ensure conformity with the LRE provisions of the Individuals with Disabilities Education Act.

The "Required Data Collection" page is not part of the IEP. Data collected from this page is required to meet state and/or federal data requirements. The information on this page should be collected at the "Initial Eligibility Determination" PPT if the student is found eligible for special education and related services or yearly at an annual review. The data reported on this page needs to be accurate but does not effect decisions reached by the PPT as part of the child's IEP.

"The student's projected graduation date is projected in 9th grade and cannot be changed regardless of the "Exit Criteria" reported on page 10 of the IEP."
