2nd Annual Hebron Read and Run Challenge

Hebron Public Schools is encouraging all students to continue their reading and physical activity this summer. We are happy to offer our “2nd Annual Hebron Read and Run Challenge.”

Through this summer challenge, students are encouraged to read and stay active all summer long. We have provided a long list of activities to engage in as well as some companion books for each activity. Hard copy materials were sent home with students this past week. [Additional information can also be found here.](#)

Field Day

As our 2022-2023 school year winds down, each school enjoyed an exciting Field Day experience. This fun-filled day of games and fun was supported by our whole staff and over 90 parent volunteers. Students engaged in a number of team building, strategic, and movement based events. We are so grateful for all of our amazing families who supported this event; it is a wonderful way to conclude the school year.

Thank you!
