Physical Education

Physical Education Fitness Assessment

Background

- Since 1990, has been an annual assessment of students' physical well-being.
- Grades 4 and 6 in Hebron
- Students are assessed using age standards in four areas:
 - (1) Aerobic endurance; (2) flexibility; (3) upper body strength and endurance; and (4) abdominal muscle strength and endurance.
 - Tests include: Aerobic endurance test (run); Sit and Reach test; 90 degree push up test; Curl up (abdominals)
 - Results are available publicly on the CSDE's data dissemination website - [EdSight](#).
 - Annual outcomes are also included in the Next Generation Accountability reports and the Profile and Performance reports (i.e., district annual report card).

Physical Education Fitness Assessment

	2014-2015	2015-2016	2016-2017	2017-2018	2018-2019	2019-2020 2020-2021	2021-2022	2022-2023
<i>Statewide Average % Points Earned</i>	68	67	68.8	66.8	70.6	*No Assessment Data (COVID) *	58.6	60.0
