

## Spotlight On: Kid Governor

Each year the Connecticut Democracy Center runs the Kid Governor Program, an award winning, national program that promotes civic engagement, leadership, and immerses students into state governing and elections. Students develop a campaign and create videos that support their platforms. Fifth grade students from around the state participate in nominating students, primary elections, and a state-wide election in November to be the Connecticut Kid Governor. This year, Thomas

Case was Hebron's primary winner and candidate for Connecticut Kid Governor. Congratulations Thomas! As Hebron Public Schools kid Governor, Thomas will be the student liaison to the Board of Education. Thomas will attend the monthly Board meetings and provide updates on what is happening at each school.

## District Advancement Plan: HVAC Grant

This month the focus of the District Advancement Plan was the State of Connecticut Heating, Ventilation and Air Conditioning (HVAC) Grant. The purpose of this grant is to encourage public school districts to install, replace or upgrade their HVAC systems to support healthy learning environments. Kaitlyn Shelar, the district Business Manager, presented eligibility criteria, priority areas, funding deadlines and application requirements to qualify for the grant. To view that presentation, please visit the District Advancement Plan section of our website. It can also be found [here](#). We look forward to working with the Town to put forward a successful grant application next year.
